

# ***The Japan Chapter of The Society of Professional Well Log Analysts***

August 30, 1996

Dear SPWLA Members in Japan

With reference to the By-laws of the Japan Chapter of the Society of Professional Well Log Analysts, Article II Term of Office. The current Board committee members are now completing their duties for 1996 - 1997, and a new Board Committee needs to be elected. It has been the general opinion of those concerned that the term of office should be set to two years and that the Board membership be increased. Also, it was felt that current Board members should, as much as possible, continue to carry on their duties in their respective positions for one more term.

Members are kindly requested to complete the attached ballot form and to return it to the Secretary of SPWLA Japan Chapter using the attached self addressed envelop.

In the first part, Members are requested to vote on modifying the Chapter By-laws to reflect the above changes. In the second part, Members are kindly requested to vote on the Board Committee members for 1997 - 1999.

Please note that this ballot form must reach the Secretary by September 19th, 1997. The result of this election will be announced to all members of SPWLA Japan Chapter at the Annual Meeting of the planned for September 24th.

Best regards,

Satoshi TONO  
President - The Japan Chapter of SPWLA
