

## Announcement from the Secretary Board

### Replacement of a Board Member

On April 1, 2003, regarding to Prof. H. Nitsuma's resignation from Director of JFES board member, Prof. M. Saito has been appointed as Prof. Nitsuma's successor with the approval from all board members. His personal profile is as follows:

**Motoyuki Sato**, candidate of Director, received the B.E., M.E, and Dr.Eng. degrees in information engineering from Tohoku University, Sendai, Japan, in 1980, 1982 and 1985, respectively. He is currently a Professor at the Center for Northeast Asian Studies, Tohoku University. From 1988 to 1989, he was a Visiting Researcher at the Federal Institute for Geoscience and Natural Resources (BGR) in Hannover, Germany. His current interests include transient electromagnetics and antennas, radar polarimetry, borehole radar, electromagnetic logging, interferometric and polarimetric SAR. Dr. Sato was awarded "Best Poster" of the SPWLA 1994 Tulsa Symposium, Tulsa, OK, and the best paper of the Society of Exploration Geophysicists of Japan in 1999. He served as Technical Chairman of the 6<sup>th</sup> International Conference on Ground Penetrating Radar (GPR'96), Sendai, Japan. He is a member of SPWLA and a senior member of IEEE.

### The Ninth Formation Evaluation Symposium of Japan

The Ninth Formation Evaluation Symposium of Japan (former Well Logging Symposium of Japan) will be held at the Technology Research Center-Japan National Oil Corporation, Chiba on September 25-26, 2003. All persons involved with the Oil, Gas, Geothermal Energy and Geoengineering industry and research institutes are invited to submit abstracts for presentation at the symposium.

Mark your calendar now to attend the Ninth Formation Evaluation Symposium of Japan.

**Abstract is due no later than June 15, 2003.** For details, please refer to <http://www.geocities.jp/ymmiya/index.htm>.

Your contribution is expected. Let's submit Abstract !

### Invitation to 44th Chapter Meeting

We would like to announce that the forthcoming Chapter Meeting will be held as follows.

**Venue :** Teikoku Oil Co., Ltd.  
4th Floor, Yakuin kaigishitsu

1-31-10, Hatagaya 1-chome,  
Shibuya-ku, Tokyo  
Tel 03-3466-1234

*(Please see the attached map)*

**Date :** Monday, May 26th, 2003

Please let me know your availability by **May 20th** for each technical, chapter, and buffet meeting to following mail address: [sshin@tokyo.oilfield.slb.com](mailto:sshin@tokyo.oilfield.slb.com) (Ms. Sora Shin)

**Program:**

16:30 Multi Stage Fracturing in a HP/HT Deep Volcanic Gas Reservoir in Japan  
by Hiromi Sugiyama (Teikoku oil co., ltd.)

*\* Presentations will be held by Japanese.*

17:30 Snacks Buffet (JPY 1,000)

**Abstract of the topics**

Multi Stage Fracturing in a HP/HT Deep Volcanic Gas Reservoir in Japan

**Speaker :** Hiromi Sugiyama  
(Teikoku oil co., ltd.)

In the summer of 2001, the first multi stage completion in a deep, hot and naturally fractured volcanic rock of the Minami-Nagaoka gas field, Niigata, was successfully completed using six propped fracture treatment stages. Many unconventional changes, such as aggressive proppant slug strategy, real-time fracture treatment analysis, extreme overbalance perforating, and use of small-grained proppant, resulted in successful stimulation and favorable production response. This presentation focuses on these new design concepts.

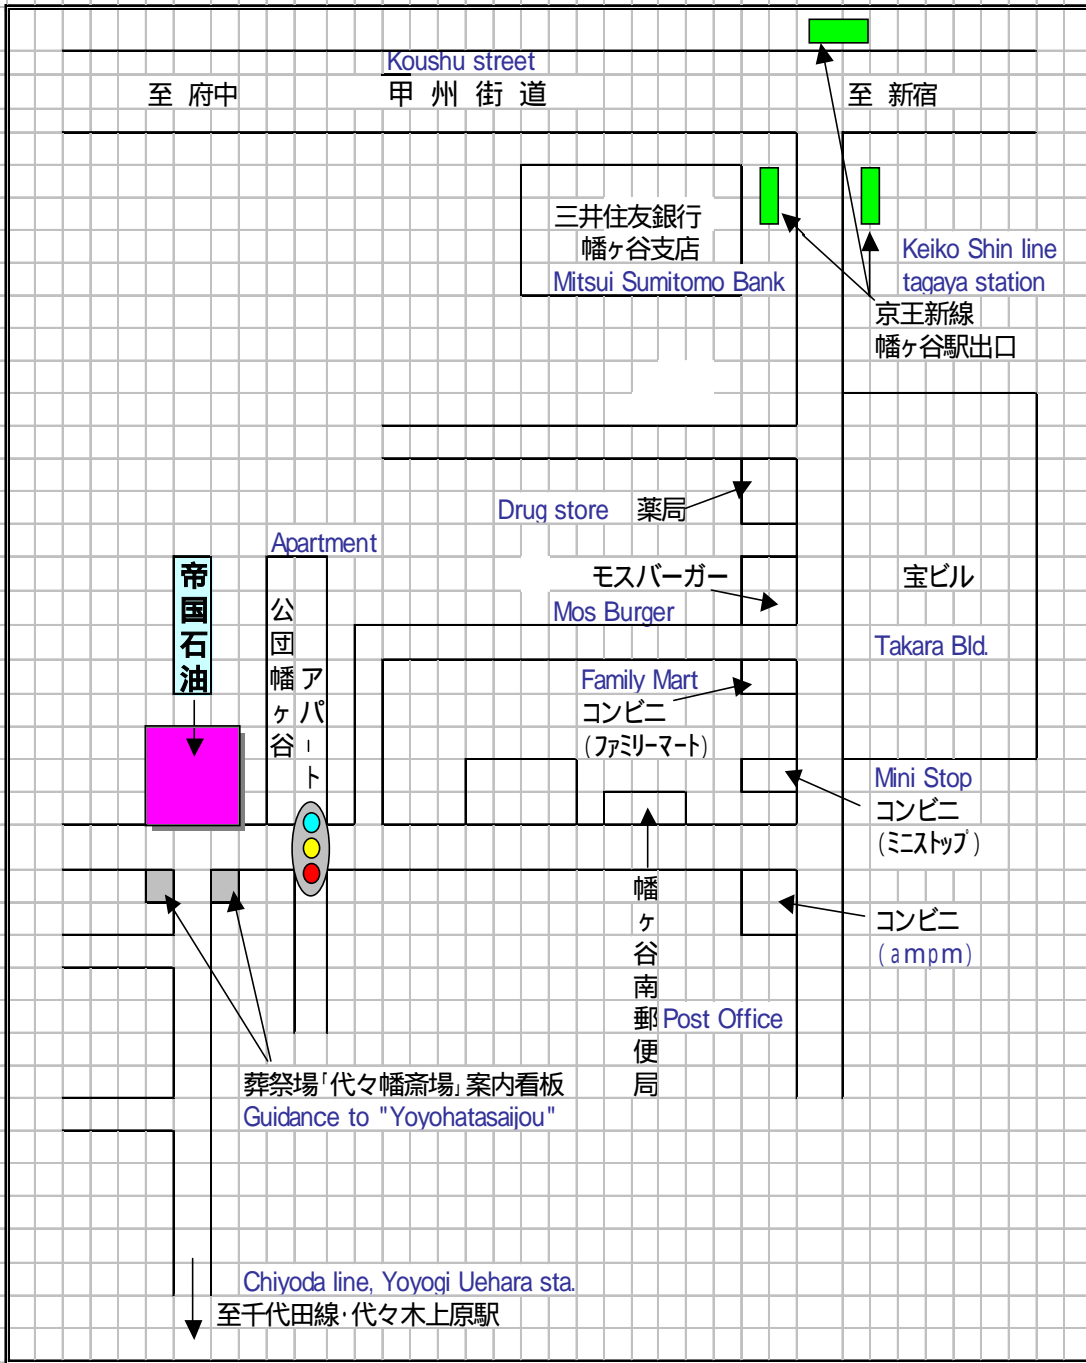

**['01-'02 Annual schedule of Chapter Meetings]**

March 25, 2002	JAPEX
June 2-5, 2002	43 <sup>rd</sup> SPWLA Symposium in Oiso
Sep. 27, 2002	INPEX

**['02-'03 Annual schedule of Chapter Meetings]**

Dec. 4, 2002	OYO Tsukuba R&D Cente
Jan. 27, 2003	Mitsui Oil Exploration Co., Ltd.
March 31, 2003	Japan National Oil Corporation
<b>May 26, 2003</b>	<b>Teikoku Oil Co., Ltd.</b>
September 25-26, 2003	Technology Research Center, JNOC
